A BIT ABOUT ME

Hi, I'm Christie Hoeksema. I'm a digital designer and front end developer based in Ontario Canada. With 9+ years of experience in this industry, I have worked with various clients ranging from small non-profit organizations to large businesses. I love to face any challenge when it comes to designing, developing, and creating a project that best fits individual unique branding. Curiosity and travel are my other hobbies.

WORK EXPERIENCE

Compass Creative

Front-End Developer | March 2021 - Present

Compass Creative is a branding and marketing agency in Grimsby. As a developer I worked on:

- creating wireframes & sitemaps
- designing website layout mockups for clients
- developing high-quality, responsive websites

Future Access Inc.

Digital Designer & Front-End Developer | May 2012 - March 2022

Future Access Inc. is a web development and digital marketing agency in Niagara. As an designer and developer I worked on:

- creating wireframes & sitemaps
- designing and developing websites
- designing print layouts for flyers, brochures, posters, banner stands and other print materials

Christie Hoeksema Design

Digital Designer & Front-End Developer | April 2011 - Present

I have been freelancing since 2011. I work closely with small-business clients on:

- designing websites and print layouts
- revamping their old site and making it responsive
