A BIT ABOUT ME

Hi, I'm Christie Hoeksema. I'm a digital designer and front end developer based in Ontario, Canada. With 9+ years of experience in this industry, I have worked with various clients ranging from small non-profit organizations to large businesses. I love to face any challenge when it comes to designing, developing, and creating a project that best fits individual unique branding. Curiosity and travel are my other hobbies.

WORK EXPERIENCE

Future Access Inc.

Graphic & Web Designer/Developer | May 2012 - Present

Future Access Inc. is a web development and digital marketing agency in Niagara. As an designer & developer I worked on:

- creating wireframes & sitemaps for websites & mobile apps
- designing website layout mockups for clients
- creating and setting up the layout for email newsletters
- designing print layouts for flyers, brochures, posters, banner stands and other print materials
- developing responsive websites

Christie Hoeksema Design

Graphic & Web Designer/Developer | April 2011 - Present

I have been freelancing since 2011. I work closely with small-business clients on:

- designing websites and print layouts
- revamping their old site and making it responsive
- setting up the CMS for clients' input
